Takımyıldız Kartları - 2

Bu takımyıldız kartlarının üzerinde yıldızların yerlerini gösteren delikler bulunuyor. Bu deliklerin içindeki parçaları çıkarın. Kartları el feneri ya da başka bir ışık kaynağının önünde tuttuğunuzda oluşacak gölgede o kartta bulunan takımyıldızın görüntüsü ortaya çıkacak. Kartlarınızı kırmızı çerçeveli deliklerden bir ip geçirip bağlayarak bir arada tutabilirsiniz.
